

WATERPROOFER RD

Waterproofer RD is a ready to use quality waterproofer. It is formulated for use in improving the water resistant properties of Portland type cement brick mortars and renders. It also improves the workability and plasticity and does not impart any colouration.

Advantages

- Improves the water resistance of brick mortars and renders.
- Dries clear, does not effect colour
- Improves the water resistance of cement mixes, renders, bagging mixes and mortars
- Improves workability and plasticity.
- Economical to use

Mixing

Always thoroughly mix the product prior to use to ensure the contents are uniformly dispersed.

Dilute 1 litre of Waterproofer with 3 litres of gauging water and mix thoroughly. This can then be mixed with dry materials and any additional water.

Dosage / Coverage

Concrete: use 8ltr litre per cubic meter.

Mortar: 1 litre per 40kg cement, mixed with required sand / cement (3:1) will lay approx 600 bricks

Render/Topping: 1 litre per 40kg cement, mixed with required sand / cement (3:1) will lay render approx 10 square meters by 12 mm thick.

Clean Up

Clean up Waterproofer RD modified cement mixes with water before the material dries. Cement mixes modified with Waterproofer RD which have dried will require mechanical means to remove the material.

Packaging

Available in 20ltr, 5ltr and 2.5ltr containers.

Storage

Should be stored in original un-opened containers.

Precautions

Waterproofer RD should not be used where a complete and permanent waterproofing is required.

Suitable protective gloves, goggles and clothing should be worn. Any contact with the skin or eyes should be flushed / washed off with running water immediately.

Avoid inhaling or swallowing the product.

The application, use and processing of our products is the responsibility of the user. Any technical or other advice, information or data provided by us, whether verbally, in writing or by way of trials or tests, is given without guarantee or warranty.

Refer to Safety Data Sheets for information on Storage & Handling, Health & Safety, and Transport.

NOTE: Safety data sheets are available on our website. Read the SDS and product label carefully before using.
